Oliver's Vegetables

We have been reading the book "Oliver's Vegetables" this week. The children have tasted lots of different vegetables, chopped up vegetables to make soup, tasted the soup, painted and printed with vegetables and been digging for vegetables in the garden. We have been vegetable obsessed this week!

In maths we have been comparing amounts using language of more than, fewer than and the same.

We started science experiment today using flowers and food colouring. The children all made a prediction about whether the flowers will change colour or not. We are looking forward to seeing what has happened over the weekend!

Notices

Harvest Assembly is on Wednesday 10th October at 9am in the main hall. Please join us to watch us perform our Harvest songs with KS1.

EYU will be making a "fresh" basket of fruit of vegetables as a donation to the Harvest collection. If you would like to send in any donations of vegetables, or of tins/packets, please send them in to school with your child before Wednesday.

Homework

As we have started our science experiment in school today, we thought the children might like to do their own version at home and see what happens. The experiment could be tried using different flowers, cress, celery, or any other ideas they have. We would love to see the experiments on Tapestry to share them in school. Good luck scientists!

Reading and letters

Please ensure your child has a book bag in school every day with their reading book and diary. We have been reading with the children in school and noticed that lots of children do not have a book bag with them. This means we cannot change their reading book.

We also put all of the letters and information from school in book bags so please check them each day.
